RELIGIOUS

A Resume of Events in Religious Circles For Present and Future

—There will be Sunday school at Palmer's school house Sunday afternoon at 3 o'clock.

—The Christian Endeavor Society of the Presbyterian church will meet Sunday evening at 6:30. The subject will be "Personal Evangelism." Leader, Arthur Hancock.

—The State Convention of the Women's Missionary Society of the Baptist church closed its sessions at Mayfield, Wednesday night, with addresses by Rev. Dr. C. M. Thompson, State Secretary of Missions, and R. M. Logan, missionary to Argentina, South America. Cynthia was selected as the meeting place for 1922.

—At the Methodist church next Sunday the pastor, Rev. C. H. Greer, will preach at 10:45 a. m. on "The Mind of the Master," and at 7:00 p. m. he will have for his subject "The Transformed Life." The Sunday school will meet at 9:30 a. m. and the Epworth League will hold its session at 6:15 p. m. A most cordial invitation is extended to all to worship in this church and to study with us the important subjects considered at our various meetings.

PRESBYTERIAN CHURCH

Sunday promises to be a day to be remembered by the lovers of sacred music. At the morning service Mrs. Macie Fithian, the beloved lyric soprano of Paris, will sing the beautiful song with which she charmed the memorial meeting of the Woman's Club. The name of the number is "Vale of Farewell." At the evening service Miss Mary Dan Harbeson will sing. Miss Harbeson has delighted vast audiences all over the South, from Texas to Virginia, with her singing of the old Gospel songs at the evangelistic meetings held by Dr. Frank Fincher. The mention of her name fills with anticipation the hearts of many musical friends in Paris. Also at the evening service the quartette of the Presbyterian church, than which there is no better in this part of the country, will sing as usual Mr. Harbeson, the tenor of this quartette, is a brother to Miss Harbeson. Mrs. Fithian is the soprano, Miss Flora Hill, the alto, and Mr. Charlie Mitchell, the basso. Sunday evening promises to be a great treat. The subject Sunday morning is "Spiritual Illiterates." Sunday evening Rev. T. S. Smylie, the pastor, will preach especially for young people. The subject will be, "Why I Am Glad I Am Young." All who are young, either in years or in spirit, are es-

TWO CARS STOLEN

A big touring car belonging to Harry Baldwin, of Paris, was stolen in Lexington, Friday night, while Mr. Baldwin was attending the Kellums revival at the Christian church. The theft was reported to the Lexington police department. The car was found the next day abandoned on the Lexington and Paris road, some distance out of Lexington, and restored to its owner.

The police of surrounding towns have been instructed to keep a lookout for a Haynes five-passenger car, 1922 model, license number 44,425, painted green, stolen from the home of its owner, George W. Clay, of Paris, Tuesday night. Two men and a woman, in a car answering the general description of the stolen car, stopped at a local garage at an early hour Wednesday morning, and after taking on a supply of oil and gasoline, departed in the direction of Lexington.

DEMOCRATS WIN STATE ELECTION

Democrats Successful in City, County And State Will Control Assembly

NO OPPOSITION IN COUNTY

The election in Bourbon county Tuesday was unique from the fact that only the names of the candidates on the Democratic ticket were on the official ballot. Due to the neglect of the Republican candidates to file their election certificates with the County Clerk within the specified time, their names did not appear on the official ballot, and, although the Republican ticket with the names of the offices and blank spaces for writing in the names of the candidates was on the ballot, few took advantage of the privilege to vote. The total vote was probably the lightest ever cast in the county. The two amendments to the State Constitution carried by a large vote. The election was an unusually quiet one, due to the lack of opposition, and many stay-at-home votes cut down the Democratic majority. The successful candidates were as follows:

Circuit Judge, Robert L. Stout, incumbent; Commonwealth's Attorney, Victor A. Bradley, incumbent; Senator, Henry S. Caywood, succeeding George Hon.; Representative, Jas. H. Thompson, incumbent; Circuit Clerk, Wm. H. Webb, incumbent; County Judge, Geo. Batterson, incumbent; County Attorney, D. C. Dine, incumbent; County Clerk, Pearce Patton, incumbent; Sheriff, M. Peale Collier, succeeding Wm. G. McClintock; Tax Commissioner, Ben Woodford, Jr., with Mrs. Walter Clark as deputy, succeeding Mrs. Walter Clark; Jailor, Jas. E. Taylor, succeeding Thos. Taul; Coroner, Rudolph Davis, incumbent; Magistrates—Frank Lowry, Paris; E. B. Thomason, Millersburg; R. H. Burris, Flat Rock; J. S. Talbot, North Middletown; A. L. Stephenson, Clintonville; John Bell, Henthon; John N. Shropshire, Centerville, and R. O. Turner, Ruddle Mills.

The new City Board of Education, elected Tuesday, is composed of John F. Davis, Dr. Raymond McMillan, A. B. Hancock, J. Sims Wilson, S. S. Ardery, Jr., and Buckner Woodford. The new members of the County Board of Education are George Linn and Ernest Darnaby.

The outstanding case of Statewide Democratic victory was in Kentucky, where that party regained control of the Legislature, which has been Republican for two years. In Maryland, where the entire lower house was elected, with 27 members of the Senate Democratic, control was increased.

Both Houses of the Kentucky State Legislature will be organized by the Democrats at the session which will open next January, according to unofficial returns received from the Thirty-fourth Senatorial district, on which control of the State Senate hinged.

Unofficial returns compiled Wednesday give the Democrats twenty members of the State Senate to eighteen for Republicans, and 67 members of the House to 33 Republicans. In the 1920 Legislature, the Senate was tied, each side having 19 members, while the House had 55 Republicans and 45 Democrats.

That the spirit of Democracy is still militant was the conclusion drawn by Cordell Hull, recently elected chairman of the Democratic National Committee, from the results of Tuesday's election.

In Mr. Hull's opinion, the result of greatest importance to Democracy was that in Kentucky, while New York City elected a Democrat as Mayor by a majority as large as it gave President Harding a year ago; Syracuse elected a Democratic Mayor for the first time in a quarter of a century, and other cities in several States showed a strong trend toward Democracy.

RUNAWAY WRECKS BUGGY

A buggy belonging to Gertrude Renick, colored, was demolished Wednesday morning when the vehicle collided with the wheels of a wagon driven by J. W. Campbell. The vehicles met on the Houston Avenue bridge. The Renick woman jumped from the buggy just before it turned over, and escaped with slight injuries. The horse ran away, but was stopped near Second street.

Tanlac, the celebrated medicine, is now sold by People's Pharmacy.

PARADE FEATURE ARMISTICE DAY

Annual Recurrence of Memorial Day To Be Celebrated Here In Appropriate Way

PROGRAM AND LINE OF MARCH

To-day is the day of days, Armistice Day. In millions of homes in this broad land from which the young men of America went forth to play their part in the great struggle it will be observed with deep emotion; here in proud and loving memory of one who gave the last and greatest gift, his life, to his country; there in thanksgiving for a son, brother, husband, or father, spared by the truce of Armistice Day to return again to his family and to the ways of peace. The Stars and Stripes should fly everywhere in Paris today. They should be hung out today to remind us, prone as we are to forget—of all the courage and all the sacrifice and all the devotion to duty that those flags with their stars of blue or gold symbolized.

To-day the great day will be appropriately celebrated with a parade and other exercises. Mayor January has issued a proclamation asking the business houses to close during the hours of the parade. The same request has been made by Commander William Collins, representing Bourbon Post, American Legion.

The order of march for the big parade this morning will be as follows:

Buglers; Parade Marshal; Veterans of Union and Confederate Armies; Band; American Legion in Uniform; Captain Wm. Collins Commanding; American Legion Float; War Mothers' Float; War Mothers in Machines; Red Cross Float; Y. M. C. A. Float; K. of C. Float; Community Service Float; A. R. Float; U. D. C. Float; Detachment of Civil War Veterans; Spanish American War Veterans; Commercial Club Float; Health and Welfare League Float; Community Service Float; Millersburg Military Institute Cadets; Boys' Band; Boy Scouts.

The parade will form at the city school this morning at 9:30 o'clock. It will proceed along Henderson street to Eighth street, down Eighth street to High street, along High street to Tenth street, on Tenth to Main, down Main street to Second street, by Second to Pleasant street and up Pleasant street to Eighth, out Eighth street to Henderson, down Henderson to the City School, where it will disband for the program to be held in the auditorium of the City School.

A ten dollar prize is being offered for the best float. Professor E. Kirkpatrick, Mr. E. H. Gorey and Rev. W. E. Ellis will be the judges. The prize will be awarded at the High School Auditorium during the program after the parade.

Friday will be the day of Old Glory. Patriotic citizens will hang out their flags in evidence of their love for the principles for which the Stars and Stripes stand. With all of the store windows decorated, and with the merchants hanging out their flags and bunting in front of their place of business Main street should take on an air of festivity reminiscent of the days of the armistice.

Mrs. Nellie Highland is offering a generous prize of \$10 for the best float in the Armistice parade.

FIRE WRECKS BUS.

A large bus belonging to the Fuhrman Transfer Co. was practically destroyed when it caught fire from "backfiring" of the engine on the Ruddle Mills pike near Paris. The Paris fire department was called and after using all their chemical extinguishers, pulled the burning machine to the fire hydrant on the Maysville pike near the city limits, where the fire was extinguished. The machine was afterward towed to a local garage for repairs.

DRUGLESS HEALERS THINK DR. BALDWIN'S STAND O. K.

Chiropractors, Osteopaths and Christian Science practitioners are in hearty accord with the charge of Dr. J. F. Baldwin that too many drugs are used in treatment of disease. Dr. Baldwin made the statement in an address before the Ohio State Medical Association at Toledo.

Healers of schools other than medical say they obtain high percentages of cures without the use of any drugs. They operate through the muscular or nervous systems or the minds of patients.

Dr. Baldwin declared that most physicians use too many drugs and that in many cases diseases would be cured just as soon, or possibly sooner, if allowed to take their natural course. He did not advocate the entire elimination of medicine, but the use of less medicine.

Dr. J. H. J. Upham, mentioned by Dr. Baldwin as having blocked publication of his address, called the assertions a combination of truth, half truth and untruth.

The Committee of reference which considered Dr. Baldwin's address and recommended that it be not published in the State Association's magazine was appointed by Dr. Upham. The State Association's Council also recommended that it be not published because of the misinterpretation persons outside the medical profession might place upon it, Dr. Upham said. He (Dr. Upham) was not a member of the council, but speaking before it, advised against publication.

Other physicians indicated a conviction that Dr. Baldwin's comments would be taken in the wrong way by persons not familiar with modern medical practice.

"I agree with Dr. Baldwin," said R. L. Shook, chiropractor. "I use no drugs at all, and am having successful results in a wide variety of cases."

"I have known for some time of Dr. Baldwin's stand on the matter," said Charles E. Clark, chiropractor. "Osteopaths and Christian Science adherents yesterday expressed the opinions long ago recognized by them."

Dr. Baldwin warned physicians and surgeons, to whom he sent copies of his address, against permitting it to get into the hands of cults other than medical.—Columbus, O. Journal, Oct. 1.

S. O. S. FOR CANE RIDGE CHURCH

Committee Issues Appeal For Funds To Preserve Historic Old Christian Church

READ, PONDER, CONTRIBUTE

It will be a source of delight to many to know that a movement is on foot to preserve the historic old Cane Ridge church. Here is the scene of the labors of Barton W. Stone, whose work antedates the Campbells in Western Pennsylvania far by several years.

The old Brush Run church, which was the house built by Thomas and Alexander Campbell, was converted into a blacksmith shop, and only in recent years has been restored and removed to the Campbell farm in Bethany. Cane Ridge church stands where it was originally located, which adds greatly to its historic interest. It is very much like it was in the beginning, save only the old logs have been covered with weatherboarding, and the interior modernized, but the old house is still intact and close by is the grounds where the body of Barton W. Stone and other saints sleep. This old building and these monuments that mark these graves will soon go to ruin unless some provision is made to preserve them. Hence this appeal is made to a grateful brotherhood to raise a sum of money, the proceeds from which are to be used to preserve this historic building and care for these monuments marking the graves of the saints who sleep there, some of whom were charter members of old Cane Ridge church.

The amount of money raised will be put into the hands of trustees to be selected by the Christian churches in Bourbon county, to be invested in a substantial security, the income from which will be used as indicated. Mr. J. W. Thomas, of Paris, is chairman of the Subscription Committee, to whom all pledges are to be made and subscriptions to be paid, which money will be turned over to the trustees as soon as they are selected. For the convenience of any who care to have part in this labor of love the following subscription blank is placed here for your use. Please sign and give to Mr. Thomas:

SUBSCRIPTION BLANK
For the purpose of raising a fund for the preservation of old Cane Ridge church and caring for the grounds and the monument of Barton W. Stone and others who are buried there, I hereby promise to pay on demand \$..... to J. W. Thomas, Chairman of Cane Ridge Subscription Committee. (Signed,

Old Mother Hall went to a ball
To see what she could see;
When she got there
The girls were all there
As bare as bare could be.

The saying that "Love is blind" was put in circulation many years before the prevailing styles in dress were designed.

It, as Lord Bacon put it, "Reading maketh a full man," wouldn't a Volstead indictment stand against the late Mr. Carnegie's well-known manefactions?

It is human nature to experience a subsidence of interest in navy beans now that they are no longer selling at a price that riles the woman with the market basket.

Day's Best Thought

There are many striking illustrations from everyday experience which fully substantiate that certain individuals have suddenly become possessed of enormous energy and working capacity. The mind can find a way to do what we want done, and also provides the method and power.

SUGGESTIVE READING

You will hear it said that such and such a magazine prints suggestive stories, meaning that they present corrupting ideas in an attractive dress. But there is a suggestiveness also of quite a different sort—the suggestiveness that quickens the reader's sense of duty, stimulates ambition, gives courage to face adversity, fortifies against yielding easily to temptation. It is this better kind of suggestiveness that you will find on almost every page of The Youth's Companion. Which of these two kinds of suggestiveness would you wish to have exert an influence in your family life?

SWIFT & CO.'S WEEKLY PRODUCE MARKET REVIEW

On account of fine weather, good pastures and forage crops, a larger amount of cream has been delivered during the week than the corresponding week a year ago, with markets closing easier on butter. If this condition continues, lower prices may be expected.

Fresh eggs continue in light supply, high prices being paid for good quality.

There is every indication that a large crop of poultry will be marketed. Receipts are larger than required for current use, and the surplus is being placed in storage.

Prices on dressed poultry have been reported easier in the larger consuming centers and will probably be reflected in the producing territories.

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring Paris Homes

Hard to do housework with an aching back.
Brings you hours of misery at leisure or at work.

If women only knew the cause—that

Backache pains often come from weak kidneys.

"Would save much endless woe. Doan's Kidney Pills are for weak kidneys."

Read what a Paris citizen says: "Mrs. J. A. Hughes, 124 Tenth St., says: 'We have used Doan's Kidney Pills in our home and they always give the best of results. I used them recently when my kidneys were out of order and I had a weak feeling across my back. Doan's relieved the trouble at once. I felt tired and nervous all the time and not much like doing any kind of work. I sent to Varden & Son's Drug Store and got a couple of boxes of Doan's Kidney Pills. I began using them and they soon cured the trouble so I have never been bothered since. I take pleasure in recommending Doan's Kidney Pills.'"

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hughes had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

DR. GANFIELD LEAVES DANVILLE, DECEMBER 1.

Dr. W. A. Ganfield, for four years president of Centre College, and who has resigned to become president of Carroll College, Waukesha, Wis., will leave for Waukesha on December 1. Dr. Ganfield resigned several months ago, but the Board of Directors delayed action for several weeks due to the fact that Dr. Ganfield wished to remain at Centre to complete some work he had started.

Dr. Ganfield, besides his work at Centre, has been actively interested in movements designed to better the educational system in the State. He was a member of the Educational Survey Committee, a part of whose report to Governor Morrow already has been made.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "dogood" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

Lowest Prices Ever Quoted

on Titan and International Tractors

The Harvester Company has made another big price cut on Titan and International Tractors. This reduction wipes out all former advances and puts these tractors at the lowest prices at which they have ever been sold. We are offering:

International 8-16, \$900

This price is about one-fourth less than that of March 1, 1921. The new price includes all necessary equipment—platform, fenders, governor, belt pulley—which cost extra on some tractors.

Titan 10-20, \$900

This is the lowest price ever quoted on the Titan, considering equipment included (formerly sold extra). At this price the Titan 3-plow tractor is the best value in the farm power field.

International 15-30, \$1,750

This also is lower than any former price. You cannot find a better 4-plow tractor for the money.

All prices are f. o. b. Chicago. The Harvester Company advises us these prices are made regardless of manufacturing costs and that they do not guarantee to maintain them. These prices certainly justify the immediate purchase of a tractor.

We can arrange suitable terms for you. Come in and see us.

KENTUCKY MOTOR CLUB TO SUE THE STATE

The directors of the Kentucky Motor Club, by a majority vote, have authorized the filing of a suit against the State Road Department to compel the observance of a Court of Appeals decision handed down in 1917 in the Smith case, Albert L. Terstegge, president of the club, has announced. If successful this suit would, the club says, require that the fund derived from automobile license fees be applied to maintenance of the completed highways of the State.

Stiff opposition to the suit, however, is expected to come from the State Road Department and other administration circles. Governor Morrow, it is said, will take a hand in the matter, having already sent telegrams and letters to the directors for Tuesday, November 15, at the club's offices, to give the Governor a hearing. Members of the highway commission also are expected to attend.

MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if the child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation, poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup. (adv)

CAMDEN SUED ON INCOME TAX RETURNS

Charges of making incorrect returns to the Collector of Internal Revenue are made in a suit filed by District Attorney Sawyer A. Smith, in behalf of the United States against former Senator Johnson N. Camden, of Versailles. The government is suing to recover \$857.32 additional tax.

The petition alleges that Mr. Camden was the owner of stock in the Ohio Oil Company in February, 1915, that he received as dividends on his stock sixty-one shares of stock in the Illinois Pipe Company valued at \$8,133; that later he received ninety shares of stock in lieu of dividends in the Prairie Oil Company valued at \$21,433, and that his income during 1915 was \$180,755.29.

EXTENSION WORK NOW BEING GIVEN BY THE PARIS CITY SCHOOLS

COURSE NO. 1.

American History—This course is being taught by Dr. Edward Tutthill, of the University of Kentucky. This class meets every Tuesday afternoon at 2:30 o'clock and is open to any one prepared to do the work. The course is given three hours. University credit.

COURSE NO. II

Contemporaneous Drama—This course is being taught by Prof. E. F. Farhuquar, of the University of Kentucky. The class meets every Saturday morning at 10 o'clock, and is open to every one prepared to do work. The course is the same that Prof. Farhuquar gives at the University and has the same credit.

COURSE III

Mechanical Drawing—The course is being taught by Mr. H. M. Clay, of the Paris High School faculty. The class meets Tuesday afternoon at 2:30, Tuesday evening at 8:00, Wednesday afternoon at 2:30, Thursday afternoon at 2:30 and Thursday evening at 8:00 o'clock. This class is conducted in two sections. The afternoon section meets three times each week for one hour and a half, laboratory and lecture period. The evening section meets twice each week for a two hour lecture and laboratory period.

Shop mechanics and descriptive Geometry is taught in both sections. These classes are open to adult working people. At present the evening class is being attended only by railroad men and a few from other mechanical shops in the city. Any mechanic in the city is welcome to come. Young men who expect to take the engineering course in the University would do well to take this course because full credit is given at the University for this work.

COURSE IV

Shorthand and Typewriting—This course is being taught by Miss Margie Kelly, of the Paris High School faculty. The class meets at 1 o'clock each day and is open to all people of the city. At present most of the people taking this course have positions and get off from work long enough to come to school for this class.

No more students can enter this course at present, but a new section will be started soon and it is well to enroll in the new section now.

COURSE V

Bookkeeping—This course is being taught by Miss Kelley, of the Paris High School faculty. The class meets at 2:00 o'clock each afternoon and is open to any person in the city. The school welcomes any young man or woman who is working and can get off for out hour each day to take this training.

Other afternoon and evening classes are being planned and organized to begin work soon. The educational program of the city is trying to offer work to every citizen of Paris who wants to study.

We feel that there are many splendid young people in Paris who must work, but who want to improve their education and we want to help them realize that ambition. We invite any business house in Paris to let its help come to school for some work. We want to serve this city in any way we can.

Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists all sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid. (adv)

PROPOSAL TO RESTRICT HUNTING LICENSES

During the hunting season this fall, more than 5,000,000 persons, estimates the Biological Survey of the United States Department of Agriculture, will go out with a gun into the woods and fields of America. Their going emphasizes the growing need of more adequate and uniform laws to conserve and protect the country's dwindling game supply.

"It has been the practice in many States," the department says, "to issue hunting licenses for the open season to all applicants, with too little regard for the available game supply of any particular area. The hunters may far outnumber the animals hunted within a given section, and under such conditions the extinction of big game especially is inevitable.

"The Department of Agriculture advocates a limited license plan for big game, based on annual estimates of game conditions in each district. This means that the number of big game licenses issued for a given area in one season would depend upon the number of game animals which it has been determined in advance can be spared. Proper administration of this sort should conserve game in the greatest numbers consistent with the reasonable demands for local grazing and other interests and obviate the necessity for establishing perennial closed seasons, except to areas being restocked."

This little bit of advice may help you regain your Health, Strength and Vitality

Thousands of people suffer from nervousness. They are run down and miserable without knowing the reason why.

They do not stop to think that much of their trouble may be caused by drinking tea and coffee which contain the drugs, thein and caffeine. When you over-stimulate the system for any period of time, the result may be nervousness with its many accompanying ills. You may fail to sleep properly and your sleep does not refresh you as it should.

Postum, made from scientifically roasted cereals, will help you to overcome all these conditions. For it contains only healthful substances, instead of drugs, as are found in tea and coffee.

Postum helps build sound nerve structure, by letting you get sound, restful sleep.

In flavor, Postum is much like high-grade coffee. In fact there are many people who prefer Postum for its savory flavor alone.

Order Postum from your grocer today. Serve this rich, fragrant beverage for the family. See how the children will like it, and how much better everybody will sleep at night.

Postum comes in two forms: Instant Postum (in tin) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Postum for Health

Fordson

Put it to any Power Task

While the Fordson Tractor has power in plenty to drag plows and harrows through the heaviest soil, it is light enough, small enough and so easily controlled that it can handily be put to many tasks about the farm, that will save you time, money and work.

In fact the Fordson will do every power job, both draw-bar and belt, more quickly and at less cost than it can be done with any other form of power. So every month the whole year 'round the always dependable Fordson will prove itself a paying investment, because of its capabilities, its economy and efficiency.

We will gladly explain and demonstrate to you the many Fordson money-making, time-saving features. Call, write or phone.

FOOTBALL GAME ARMISTICE DAY

Paris is planning a great Armistice Day celebration, and few cities in Kentucky will have so elaborate a program as Paris. The morning will be given over to a gigantic street parade, which will start and end at the City School. When this parade is over the Armistice Day address will be delivered by Dr. D. M. Walker. At the close of this address the American Legion dinner will be served by the Domestic Science Department of the High School. At 2:45 in the afternoon Paris High School and Somerset High School will meet on McClintock field in what promises to be the most stubbornly fought football contest ever staged in Bourbon county.

Somerset High is conceded one of the best football teams she has ever had and every one who knows Kentucky High School football history knows that Somerset has produced great teams.

Every person who saw Paris High School play Pineville High School and St. Xavier's High School will not deny the fact that Paris has a light but fighting team. It has seemed that the Paris team during the last two weeks has calmed down, but this is due very largely to the fact that practically every man on the team received injuries in the Pineville game. Pineville averaged 10 to 15 pounds heavier, and 3 to 6 years older than the Paris boys. Even with these odds Paris High School is entitled to the credit of winning the Pineville game, which was lost by a technicality of the head linesman.

The athletic reporters of the Louisville papers complimented very highly the playing of the Paris team, when they played St. Xavier's in Louisville. Coaches Ward and Sheffield are putting their men through strenuous training this week, preparatory to to-day's game. Misses Lillard and Robbins will assist Robt. Frank in leading the cheering. The Y. M. C. A. band will be on hand to cheer the boys and to entertain the spectators between periods.

People are requested to park their machines at least fifty feet back of the playing lines.

On account of the crowds that is expected to witness the game, people are asked to keep back at a safe distance from the playing line to give both teams a chance to play their best. This is Somerset's first visit to Bourbon county and we trust that the habit of scoring will be renewed.

Paris High School appreciates the splendid interest shown the team in all the games played at home this

MATRIMONIAL

A Record of Dan Cupid's Doings As

The Days Go By

SPEAKES—EVANS

—The wedding of Miss Helen Erroll Speakes, daughter of Mr. and Mrs. Blanton Speakes, of this city, and Mr. Cletis Lee Evans, of Millersburg, will take place at the home of the bride-elect, on Fifth avenue, to-morrow. After the wedding they will leave for a short bridal trip, and on their return will be "at home" to their friends, in Millersburg.

KENNEY—FEEBACK

—Miss Estelle Kenney and Mr. Strawder Feedback, both of Nicholas county, were married in this city, Wednesday morning, at ten o'clock, at the home of the officiating minister, Rev. W. E. Ellis, pastor of the Paris Christian church. The bride is a daughter of Mr. and Mrs. Bruce Kenney, of Nicholas county, and the bridegroom is a son of Mr. and Mrs. Rufus Feedback, of near Carlisle. After the ceremony Mr. and Mrs. Feedback returned to the home of the groom, where they will reside.

PIPER—MASTIN

—A wedding which came as a complete surprise to the many friends of the bride, took place in Millersburg, Monday night, when Miss Sarah Metcalfe Piper, daughter of Mr. W. L. Piper, of Carlisle, became the bride of Mr. Earl Mastin, of Lexington. The bride is one of the most popular young women of Carlisle, and is well-known here. She was a former student at the University of Kentucky. They will make their home for the present in Carlisle.

PROWELL—STONE

—The wedding of Miss Arinne Prowell, of near Muir, and Mr. Geo. R. Stone, of Bourbon county, was quietly solemnized Tuesday afternoon at the home of the officiating minister, Rev. Mark Collis, in Lexington. The wedding was witnessed by Miss Rosabelle Prowell, of Muir, sister of the groom, and Mr. James Scott, of Lexington. Immediately following the ceremony Mr. and Mrs. Stone left for Dayton, Ohio, where they will visit Dr. and Mrs. H. P. Thomas, the latter a sister of the groom.

The bride is the attractive daughter of Mr. and Mrs. Prowell, of Muir. The groom is a prosperous young farmer of this county, a brother of Mrs. Charles P. Bales, of Paris. Mr. and Mrs. Prowell, on their return from Dayton will be at home to their friends, at their home near Paris.

SHARP—DAVIS

—The wedding of Mr. Joseph W. Davis, of Paris, and Miss Martha Green Sharp, of Maysville, will be solemnized in that city on Saturday, December 3. The wedding will be a fashionable event in Maysville society circles, where the bride-elect is a favorite.

Mr. Davis is the youngest son of Mr. and Mrs. Joseph W. Davis, of Paris, and is one of the city's prominent young business men, being local manager of the White Front Garage. He is a brother of Mrs. Catherine Davis Craig, and Messrs. Withers Davis and John F. Davis, of this city. Miss Sharp is the daughter of Mr. and Mrs. Hamlet C. Sharp, of Maysville, both former residents of Paris, her mother before her marriage having been Miss Belle Green, one of Bourbon county's most attractive women. She is a remarkably handsome and vivacious young woman, popular in her home town and in Central Kentucky.

LUSK—DAVIS

—A pretty home wedding was solemnized at the home of Mr. and Mrs. Robert E. Lusk, on Twelfth street, in Paris, yesterday afternoon at 4:30 o'clock, when Miss Jeanet Lusk, the youngest daughter of the home, was given in marriage to Mr. William H. Davis, of Mt. Vernon. The beautiful ring ceremony was performed by Rev. W. E. Ellis, pastor of the Paris Christian church. The wedding was a quiet affair, only the immediate members of the family being present. The young bride, who is of the brunette type, was lovely in a traveling suit of blue duvetyne, with hat to match, and carried a corsage bouquet of bride's roses and lilies of the valley. She is an accomplished and attractive young woman and popular with a large circle of friends. Mr. Davis is the son of Mrs. Alice Davis, of Mt. Vernon. He is a successful young business man, holding the responsible position of assistant cashier of the Mt. Vernon Peoples Bank. The home was prettily decorated for the occasion with ferns and white chrysanthemums, and large cathedral candles shed a mellow glow as the ceremony was performed. Following a short bridal trip the young people will be at home at Mt. Vernon.

CARD OF THANKS

We take this means of thanking the many kind friends and neighbors who so thoughtfully and tenderly rendered us loving service during the last illness and following the death of our daughter, Margaret Bolling. It would be impossible for us to see and thank each one individually, so we use this means of reaching them. Your kindness touched our hearts and left its solace there, and we shall ever treasure as our dearest possessions memories of your kind acts. Again we thank you and may Heaven's blessings be upon all.
MR. AND MRS. HENRY BOLLING.
Millersburg, Ky., Nov. 10, 1921.

At the postoffice the general delivery and stamp windows will be open from 11:30 to 12:30 p. m. in order to accommodate patrons and the traveling public.

No business will be transacted in the money order or registry department and one delivery of mail will be made by the city carriers. No deliveries will be made on the rural routes.

But, in spite of warnings, people will, as usual, come to the postoffice and wonder "what is the postoffice doing closed up to-day?"

EXCLUSIVE LINE OF FINE INDIVIDUAL CHRISTMAS GREETING CARDS

Our line of Christmas Greeting Cards is the most attractive lot ever brought to Paris. They are handsome and have an air of individuality that makes them stand out from the cheap imitations offered by the department stores, and other places that carry them as a side line. Engraving and printing is our business—we do nothing else.

**BOBBY LAVIN PRAISED AS
FOOTBALL STAR**

In summing up the brief history of four years, Robert Lavin, or "Bobby," as he is more familiarly known to students, stands out as a prominent figure in University circles. He is a member of the "wonder basket ball team which won the Southern championship last year, and will be its captain this year.

Lavin has been an invaluable member of the football squad for the past four years. His broken field running in the Vanderbilt game was second to none, and he had the good fortune and ability to make the second touchdown against Kentucky's old rivals.

This is "Bobby's" last year at the University, and, as a climax to his many achievements, he was honored by being elected President of the Senior Class. It is considered a great honor to be Senior Class President, and only men of high standing and ability are elected. He entered the University four years ago, after being graduated with honors from the Paris High School. He is a member of Sigma Alpha Epsilon, Lambda Chi, and Mystic Thirteen fraternities.

WELFARE LEAGUE REPORTS

The report of Mrs. Harriet Minaker, Visiting Nurse for the Bourbon County Health and Welfare League, for the month of October, shows that she made 270 calls during the month, 77 of which were to policy holders of the Metropolitan Life Insurance Co., the services to be paid by the company. The report is a very comprehensive one, going into detail as to the number of visits made, cases attended to, families supplied with coal, groceries, clothing, etc. The work was done with an expenditure of \$48 of Bourbon County's funds.

The functions of this department are covering so large a scope that the civic organizations of this city are discouraging as far as possible, the giving of money indiscriminately by Bourbon County citizens to the various beggars and solicitors on the streets, with the belief that out-of-town cases should be cared for by similar organizations in the localities where these unfortunates come from.

CINCINNATI SYMPHONY ORCHESTRA AT LEXINGTON NOV. 22.

The fourth annual appearance of the Cincinnati Symphony Orchestra will be made in Lexington at Woodland Auditorium, matinee and night, Tuesday, November 22, when that well-known and highly appreciated organization will give two concerts with entire change of program after-noon and evening. The symphony concerts are not on the Artist Concert Series and special tickets must be obtained for it. The prices are \$1.10, \$1.65 for the matinee and \$1.10, \$2.20 and \$2.75 for the night.

All Cincinnati Symphony concerts this year are of the unusual interest that they are the last Eugene Ysaie will conduct for the organization in this country if he carries out his present plan of returning to Belgium. His country has called him home and the King and Queen of Belgium have conferred upon him the greatest honor they can give any artist, that of Marie de Chappelle de Rio Belge. Modest Alloo who has assisted Ysaie for two years will conduct the after-noon matinee in Lexington and Ysaie will conduct the evening program. The Orchestra roster now contains 100 players names with Emil Herrmann as concert master.

Seats for the Cincinnati Symphony Orchestra concerts are now on sale at the Lexington College of Music, Phone 639X. Written orders should be accompanied by checks. Reduced prices 55c, if bought in blocks of twenty.

WEAK BLOOD IS A REAL BARRIER

Growing Children Often Need Gude's Pepto-Mangan

Some children grow too quickly—it saps their strength. They lapse into careless, desultory habits, or develop a shrinking attitude. Their faces look pinched.

The blood becomes overtaxed by too rapid growth; and poisons from the system take the place of strength-giving red corpuscles in the blood. Red corpuscles are those little red particles that swim in blood and give it its color. Gradually that child loses interest in its play.

Poor blood needs the building that the iron in Gude's Pepto-Mangan gives to weakened blood. Gude's Pepto-Mangan enriches the blood by increasing the number of red corpuscles, and restores the blood by driving out the poisons. When the revived blood gets to work, the appetite becomes what a grown child's should be. Your druggist has Gude's Pepto-Mangan in liquid or tablet form. The name "Gude's Pepto-Mangan" is on every page.

RIGHTS OF COMMISSION INVOLVED IN TEST CASE

The right of the State Tax Commission to go into banks and check up intangibles held by the institutions as collateral is involved in a suit filed in the Franklin Circuit Court by the Capital Trust Company of Frankfort, against the Tax Commission. The suit was brought by the Frankfort bank on behalf of all of the banks of the State and seeks to enjoin the commission from checking up the intangibles held as collateral. The banks are represented by T. Kennedy Helm, attorney of Louisville. Circuit Judge R. L. Stout took the case under advisement.

Reports indicate that the American soldiers who have been keeping the Watch on the Rhine have been having a good time.

BEREA COLLEGE MAKES MILK-MAIDS.

That all a girl has to do to become a proficient milkmaid is to be born in the country is being demonstrated a fallacy at Berea College. A course in dairying, open to men, but especially designed to appeal to women, is one of the features of the Berea curriculum which is guaranteed to turn a mountain girl into a dairy-maid equally able to preside over a herd of cows, or to direct a butter-making establishment. And the girls are not the Broadway musical show variety of milkmaid, either.

With its excellent herd of milk cows, its large dairy-barn, and its wide range of pasture, Berea can give to its girls all the atmosphere and practice obtainable "down on the farm." Special emphasis is laid on the practical side, and particularly on conditions as they obtain on the average small farm in the country, in order that the girl leaving college may be able to demonstrate to the people of her mountain neighborhood how to take care of cattle in a most efficient way.

While some master minds have long felt that fudge-making and fancy embroidery are the heaviest work that should be done at a girls' college, the modern girl is doing things differently, and Berea's course of dairy-work is practical enough to suit anyone. At the same time the completion of Berea's recently begun campaign for additional endowment and new buildings will place hundreds more of these girls within reach of hundreds more of the Southern mountains. The work has been greatly limited by lack of accommodations for the girls, but additional girls' dormitories would mean educational freedom to many who otherwise could not secure it. The fund is to be known as the Berea Necessity Fund.

SUFFERED ALL A WOMAN COULD

Mrs. Meyer Finally Found Relief and Health in Lydia E. Pinkham's Vegetable Compound

Orange, Cal.—"I always feel very grateful to you, as some twenty years ago three doctors said I had to have a serious operation. I had a tumor, and ulcers which would gather and break. I had displacement so badly that I could hardly sit down at times, and it seemed as if I suffered every time that a woman could suffer. Then some one advised me to take Lydia E. Pinkham's Vegetable Compound, and I took it until I was cured and saved from the operation. I have told women of your wonderful medicine times without number, and I am willing that you should use these facts and my name if you like. I also used your Compound during the Change, and I can do all my own work but the heavy part, and can walk miles every day as I help my husband in the office."

—Mrs. J. H. Meyer, 412 South Orange St., Orange, California.

It is quite true that such troubles as Mrs. Meyer had may reach a stage where an operation is the only resource. On the other hand, a great many women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

Odd Assam Marriage Custom.

One of the strangest of marriage customs is that observed by some of the women of Assam. There the bride sometimes takes the initiative. She goes to fetch the bridegroom, and it is etiquette for him to hide and resist until carried off. Women of means are permitted to choose a temporary husband, and, when tired of him, pay him off and take another.

METROPOLITAN SINGER AT WOODLAND PARK AUDITORIUM

Miss Sue Harvard, Metropolitan Opera soprano, who is the only woman member of the Kiwanis Club, will give a concert at Woodland Auditorium for the benefit of the Student Loan Fund of the University, December 7, and possibly will repeat the concert with a different program on December 8, if the demand for tickets is encouraging.

The Kiwanis Club of Lexington has invited Miss Harvard to sing and will guarantee her expenses, receiving no part of the receipts, but turning the entire amount over to the Student Loan Fund Committee. The Student Loan Committee of the University has exempted all of its money this year and is making every effort to get more financial aid. The student who needs financial assistance can go to the Committee, state his case and get help if there is money. The first of the year is hard on the student and in a very short time several hundred dollars have been given out. In order to meet the demand of the opening of the second semester more money must be accumulated. It is not a charity. The students pay back after they leave the University (and sometimes do so before they leave), but always after getting a position. The money is given only to good students or to students who would make a success of school were it not for the fact that they have to work nearly all the time. The cause is a worthy one. The Kiwanians of Lexington would like to have all the State interested in it and contribute to the fund by patronizing the concerts.

Miss Harvard has a voice of beauty and she is an artist. She has good looks, grace and personal charm—in short she has everything that spells success in the concert world. Her voice is said to contain almost the quality of the cello. It is of rare purity of timbre and is distinctly one of the finest voices to be heard on the concert stage.

Write for tickets to Wellington Patrick, Director of University Extension, University of Kentucky. Send orders directly.

INGROWN NAIL

Toughen Skin and Toe Nail Turns Out Itself

A few drops of "Outgrow" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgrow" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions. (F-1f)

I lost twelve months straight time on account of stomach trouble. One of the worst cases I guess a man ever had. Tanlac not only made me a well man again but built me up nineteen pounds in weight. I am writing all my friends in other cities to tell them of the wonderful news."

The above statement was made by George B. Lowe, well-known employee of the Goodyear Tire and Rubber Co., living at 451 McGowan street, Akron, Ohio.

Tanlac is sold in Paris by the People's Pharmacy, and all leading drug stores. (adv)

PHONOGRAPH SERMONS

The British clergyman who predicted, not long ago, that the time might soon come when phonographs would supplant ministers in the pulpits may not have been so very far wrong after all.

At a funeral in an Irish church last month several solos in the voice of the dead man was rendered. The man, who was a singer of some ability, made the records before his death, and at his funeral a phonograph was placed on his coffin and his friends heard him sing again, in a voice from the dead, as it were.

Phonograph sermons may come into use. Who knows? Stranger things have happened. And there are at any rate persons who would rather hear a phonograph sermon by Billy Sunday or some other great pulpit orator than sit for an hour or so under some dull minister of their own community.

But whether phonograph sermons are coming or not, the possibility of the thing should inspire ministers everywhere to their best efforts. The way to keep the phonograph sermons out is to keep down a demand for them.

FIVE SCHOOLS IN ONE AT BERE A COLLEGE

Primary school members well out of their teens, as well as grave and reverend seniors in college, most of them younger than some of the pupils just learning to read, are one of the seemingly paradoxical features of Berea College. It is one of the few institutions of learning in the land in which a student may secure an education running from the rudiments to an A. B. degree, and also one of the few colleges where a grown but uneducated man or woman may begin at the beginning.

There are five schools in Berea College. The most interesting one is the Foundation School, open to students from fifteen years old up. As the name implies, it starts from the foundation, welcoming to its precincts older as well as younger students who have never had a chance to study.

The Academy is the equivalent of the usual preparatory school or high school course, which gets ready for college those students who wish to continue further than the primary grades.

The Vocational School brings to the students a knowledge of pursuits which they may desire to use in their choice of a life work. Shops, a herd of cattle, an experimental farm, a hospital for cures in nursing, and other equipment are ready for vocational school students.

The College itself carries students from the Academy to their degree of A. B. and is the equal of any College course in the South. Many of its graduates return to their mountain homes as teachers at graduation.

The Normal School is used for the training of students as teachers, and gives a certificate for this purpose. Many of the school teachers in the mountain districts are Berea's product. With these five schools ready for the mountain boy or girl, Berea College is able to perform a duty to education with unique chances of service.

The development of the five schools is an outgrowth of Berea's desire to be everything to the mountain people who depend upon it. It could do this only by being ready to give to all who asked anything that was desired in the way of courses or teaching. That the scheme is a success is shown by the fact that in the year just completed 2,560 students passed through the ever-open doors of Berea.

With an ideal situation, a huge clientele to draw from, and the good will of the mountain people, but one thing has handicapped Berea—the lack of money. Its friends have been many, and new and much-needed equipment and buildings have appeared as if by magic. But the old methods of raising money no longer

MILLERSBURG COUNTY HIGH SCHOOL NOTES

—The next number on the Lyceum Course, "The Argus Magicians," will be given at the High School Auditorium Monday evening, November 14, at 8:00 o'clock.

Rev. W. D. Welburn, of the Methodist church, conducted the Chapel exercises Wednesday morning. The visitors were: Mesdames W. M. Brown, Will Cook, M. E. Pruitt, J. T. Judy, James McConaughay; Messrs. M. E. Pruitt, James McConaughay, Will Cook and Rev. W. D. Welburn.

A few cases of diphtheria having developed, the school is taking steps to get the disease under control before reaching the stage of an epidemic. At the request of the school the State Board of Health sent Dr. McCracken, of Louisville, who gave the Schick test to 200 pupils. The test will show how many pupils are susceptible to the disease. This is normally about 25 per cent. The test will be followed by a treatment that makes patients immune for life. Local physicians are heartily co-operating and this advanced step of our school promises to put diphtheria on the run.
